Superior Court of New Jersey

Division of Law

**Christiana Itiowe vs Phil Murphy and the State of New Jersey Docket Case # BUR L 2589-24**

**To the judge, the court and to all:**

As a candidate for presidency 2024 handling a corrupt government that kidnapped my son, see [voteforchristiana.com](http://voteforchristiana.com).

Handling a corrupt government that is harming me, kidnapped my son, killed an unborn child and that harasses me via numerous sources including those superstars, Glovic foundation is born to dismantle all corrupt government.

Ms. Dennis, yes, I said, "Do not file a motion," as I have a right to demand those illegal acts coming from your government stop. Again, I am suffering from high blood pressure from stated violent, demonic and illegal acts. Again, I do not have time for chit chatting and do not want to be forced to have discussion with you or any that is not necessary. This is a serious crime and I handled and am handling it as such.

The court, see the press release that I authorized be released on February 28, 2025 and as your 1<sup>st</sup> amendment is not against my handling, so it shall be. The court and all, see my demands cited via the press release. Again, Mr. Kevin Shea of the Trenton times, is present in this matter, so are other media source, so am I, the press, Tophole Radio and TV.

Ms. Dennis, I await stated demand rightly made via the press release be met as rightly all handled.

No, I will not be attending to a motion hearing as I have a right to the press and have a right to life as I demand my son and demand all pay me without the court house orders of involvement in releasing my son or authorizing this claim and amounts filed for be paid to me. Again, stop wasting my time, is my demand to all here now.

As such, I announce here now, due to your government cult-like culture and due to continually being faced with a corrupt government, I have separated from your government and all worldly

government and the Lord of Host, a monarchy is born. See the press release, to see some of what the lord of host is doing.

# PRESS RELEASE

## **A CORRUPT GOVERNMENT (United States of America) KIDNAPS A WOMANS CHILD. SEPERATION IS NOW TAKING THE PLACE OF THE GOVERNMENT (S). THE LORD OF HOST, MONARCHY IS BORN!**

Christiana Itiowe, faced with traumatic life difficulties, was forced to undergo a lot of trials in life. One of the worst of those happenings is having her family fall apart and their businesses and life stolen in Nigeria. In the process, her parents (Felix M Itiowe and Ayodele Gloria Itiowe) passed on. Victoria Itiowe also died.

As Christiana Itiowe was featured in the news (Trentonian, The Trenton Times etc.), no help came her way, only taunts, harassment and attacks from the US government and its state personnel's and all those others and such taunts and attacks have continued for over a decade.

Over a decade ago, Christiana Itiowe, found her way to the courthouse and fights for her life and rights, so she thought.

In Christiana's perspective, "We have a government in place that is terroristic in nature, attacking her court cases, life, that at a point, due to their attacks, she suffered a heart attack in March 2016 and in year 2022, she lost an unborn child due to suffering from high blood pressure brought on by stated terroristic acts from a government, the USA government.)"

Dealing with a traumatic event of losing her sister Victoria itiowe to the fact of been beaten by 3 Trenton police cops while receiving care at St Francis Medical Center, Trenton NJ and as Victoria Itiowe suffered from a leaking heart valve from stated attack and as her death occurred sooner due to the brutal attack that damaged her heart, Christiana Itiowe, that practiced celibacy since 2009, broke the celibacy in 2017 with 2 reasonings in mind, one reasoning being, the pain experienced finding out about her sister that was cremated without her knowing. Breaking her celibacy mode of mind and affairs, Dadi Dillion Majors was born May 22, 2019 and Dadi Majors has been kidnapped by the US government and its state employees since May 24, 2019.

As the attacks to her life, property and rights was happening prior to when her son, Dadi Majors was born, the US government and its personnel's, doing the act of government prosecution as Christiana itiowe was under attack from the US government and its state personnel before and on the day her son was born, wrongly and fraudulently utilized a mental health diagnosis to continue to have her son illegally removed from her home.

Prior to her son being born and kidnapped and along with the US government and its state personnel's attacking her life, property and rights as she handles matters in court;

Christiana Itiowe was deliberately faced with a government suppressing evidence of happenings;

1. Trayle Beasley, one of a past boyfriend, got caught in a car registered to her and 12 guns was found in the car.
2. Mack Murray, one of a past boyfriend's cousin, was cited killed by one of the guns found in the car registered to her (Christiana) name, driven by Trayle Beasley and Shantell Russell.
3. Shantell Russell, navy personnel, drove the car illegally on a us navy base and outside of their grounds, forging her (Christiana) signature, fraudulently stating Christiana authorized her to drive the car also driven by trayle Beasley.
4. Victoria Itiowe, beaten by 3 Trenton police cops as she takes care of herself in the hospital.

Christiana Itiowe fighting for her life, world and property grossly violated by the us government and its state personnel's, those superstars and those others;

Christiana Itiowe started and launched the Lords Weddings LLC ([www.thelordsweddings.com](http://www.thelordsweddings.com)) in 2020 as her son was deliberately placed in a gay couple home and sold to them on November 19, 2021. The Lords Weddings records and issues marriage license and marriage certificates, vow renewals to man and woman as ordained by God only. The lord Weddings also officiates marriages and vow renewal marriages.

Christiana Itiowe is a 2024 presidency candidate, just not on your ballots, she said.  
([www.voteforchristiana.com](http://www.voteforchristiana.com))

Christiana Itiowe, on December 13, 2024, launched Glovic foundation. Glovic foundation seeks to take care of sickle cell disease and their needs. Glovic Foundation will also take care of certain situations when something bad happens ([www.glovicfoundation.com](http://www.glovicfoundation.com))

Christiana Itiowe, started and is working on launching tophole LLC handling all those superstars and the government and their cult like culture ([www.tophole.org](http://www.tophole.org)). Christiana also started tophole to help take care of her life and family members.

Christiana Itiowe's invention, Rock of ages hot rod LLC, is introduced to the world with a trade secret handling and no patent sought ([www.rockofageshotrod.com](http://www.rockofageshotrod.com)). Rock of Ages Hot Rod is the new revolutionary way to get your warm and hot water, without electricity. No plugs.

Christiana, watching all attacks as she fights back and as it seems like not one of those in their star power, nor government power, has the power to authorize release of her son and this is as all those are aware of this happening and her handlings via Facebook, Instagram, X, her presidential 2024 campaign and now YouTube, this thought came to Christiana's mind, "Her mind is good enough to be stolen to take care of the world and this is as the US government (including trump) and its state personnel's and those others, look to Christiana for guidance, getting ideas from her handlings, some monetizing on these traumatic happenings and from happenings in her life but she is not good enough to raise her son?

As such;

Glovic foundation has successfully released her son from the US government, its state personnel's and their illegal handling.

Glovic foundation has also successfully issued out a green card and permanent residency to her brother Franklin Itiowe.

To further the lord God agenda:

### SEPARATION HAS OCCURRED AND CHRISTIANA IS ANNOUNCING THAT SHE IS THE SITTING RULER AT THE LORD OF HOST MONARCHY

The lord of host is introducing itself to the world. The lord of host will have its own courthouse, Driver's license, Passport and more. The details and processing of the separation is in route to be delivered soon.

Christiana says, "God is a good father and God is not the author of confusion, is the truth."

Christiana revealed that The lord of host ruler wears a crown as a sign of their authority and power.

Christiana further explains, "The lord God adores me and you see it and hate it and punish me as am being blessed, is not right!" is one reason Christiana has separated from all worldly government.

Christiana continued on and said, "You start wars, when you can communicate with each other via writing and come to agreements. You kidnap my child to get your point across to all, is not right!"

Christiana proclaims this at her son's deliberate kidnapping, him and her being dealt torture and torment and demonic acts, "You lost me there."

You pardon yourselves for no good reason and expect all else to be punished, is not right!

Christiana with this press release demands this again "Do not look to me for guidance."

The Lord of Host eliminates your cult-like culture!

The US government and its state personnel's and all illegal and deadly acts committed, face your crime and lose your law license, go to jail and lose your job and be barred from all government jobs and be impeached, is what is happening.

As a civil lawsuit has been filed against Mr. Phillip Murphy, the Governor of New Jersey and the State of New Jersey (Christiana Itiowe vs Phil Murphy and the State of New Jersey BUR L 2589-24) in Superior Court of New Jersey Burlington NJ, money owed and paid to Christiana, the Founder, President and Executive director of Glovic Foundation, pledges to donate \$700 Million to the foundation.

Natolie Dennis of the Attorney General Office, Law Division, Trenton NJ representing the case filed against Phil Murphy and the State of New Jersey and Christiana's rightful demands;

Dadi Dillion Majors release date is March 20, 2025.

Dadi Dillion Majors should be brought to Boscov's located at Moorestown Mall, Moorestown NJ at 12.30 pm

\$400 billion is demanded by March 10, 2025.

Christiana states this boldly, "As your law handling is against all your illegal acts, no, am not dropping any criminal case and impeachments rightfully happening."

As Christiana Itiowe is currently employed at Boscov's and Motorhub auto dealership, boscov's employees and corporate office are aware of Glovic Foundation and its mission and are aware of a corrupt government happening as cited here. Motorhub auto dealership employees and owner are also aware of Glovic foundation and a corrupt government happening that kidnapped her son.

The handling is rightly brought to all world government attention and all US federal agencies (federal government agency includes the US department of Justice, Homeland Security etc.) and state government agencies), via the press, via the speaker of the house in Washington and Mr. Donald Trump (the white house) and via Elon Musk and by any other means available that communicates this to the world.
